Stuart Grieve - LSWPP, LBPPA, ABPPA

Stuart Grieve became a Commercial Photographer in 1999 when he retired from a life-long career in Aviation. He is a member of the Society of Wedding and Portrait Photographers and the British Professional Photographers Associates and holds Licentiate and Associateship Standard-Awards with these Trade Organisations.

It was always a passion for him to be able to communicate images, to others, that he was privileged to see, but it was only after retirement that he was able to concentrate upon extensive photographic work. He prefers to interpret what he sees rather than simply presenting an original record image.

He maintains that photography is an art form equal to any other. It communicates information and emotion about unique moments in time. It is unsurpassed by any other technique because of its wide scope and its ability to capture a moment in time.

It makes an invaluable contribution to our social and natural history and is a key part of our enjoyment and learning.

"When we LOOK we must SEE if we are to discover BEAUTY" - Stuart Grieve 2007

SG Photographics

Stephanie's interest in photography spans over twenty years when she was first introduced to photography with a City and Guilds Course in photography

Stephanie's interest is largely focused on the intricacies of Mother Nature. Her work captures the color, the flow of energy, and the natural light of living things.

Her passion is to create a photograph that is pleasing to the eye, and peaceful to the soul.

*"It is in the ability to open our eyes and minds where
limitless wonders are discovered."*
